

From mountain to sea

Dear Parent/Carer,

Aberdeenshire Council are carrying out a budget engagement survey between now and 17 November 2023

A growing population, rising inflation and cost of living crisis all impact our ability to balance the budget. We have some difficult choices to make and need your help. We are seeking views from a wide range of groups and individuals across Aberdeenshire; we would be grateful if you would be part of that via our online survey.

The decisions we make impact our communities across Aberdeenshire, so it's important that we engage with you. We are asking four main questions:

- Which services are most important to you right now?
- Which services do you think will be most important to you in future?
- Where do you think we should make changes?
- Which services would you like to have a greater say on?

In summary, we want to know what is important to you. Complete the survey online up to 17 November 2023 via the link or QR code below.

Many thanks.

Yours faithfully

Ricki Lyon
Engagement & Consultation Officer
